Please submit as a new FOIA.

It is going to be new LouAnn. The Jessica King that I had was seeking a DERP report. The one that Karen had was seeking Burlington/Cheraw documents but not these she listed specifically.

IF these documents were not requested in a previous FOIA that we processed, then this is a new FOIA request.

LouAnn,

Should this be submitted as another FOIA or as supplemental? The last FOIA that I received from Jessica had nothing to do with Burlington, so it much be one that she submitted last year.

Kathy – We represent Highland Industries, one of the PRPs for the Burlington Cheraw Superfund Site. We have filed FOIA requests with EPA in the past but have not received the following documents that were used at the Burlington Cheraw Superfund Site for the HRS findings and NPL Listing:

1. DHEC Project Note to File dated July 18, 2017 (4 pages); Regarding Aug., Sept., Oct. and Nov. 2016 Sampling Events.
2. Tetra Tech Project Note to File with attachments, dated Nov. 10, 2016 (312 pages); Regarding Aug. 2016 Sampling – Lab Analytical Data.
3. DHEC Project Note to File dated July 19, 2017 (1 page). Regarding DHEC 2016 and 2017 Sampling Events.
4. Tetra Tech Data Validation Package (Feb. 28, 2017)(334 pages).
5. Shealy Env. Services Report of Analysis; Lot Number SC03001 (Mar. 8, 2017)(14 pages).
6. Tetra Tech Data Validation Packages (Mar. 21, 2017)(23 pages).

Marianne Lodin has recommended we reach out to you regarding these documents. Please let me know what you need from us in order to provide them.

Thanks so much,  
Jessie King

Jessie,

If this is part of a FOIA response, this should be requested from the FOIA officer who handled the request, who I believe is Kathy Armstrong. Those are pretty specific document descriptions, so I'm certain Kathy can assist you.

Thank you,  
Marianne

Teresa and Marianne – We have been looking at the documents provided by EPA to us in response to three previous FOIA requests and we are missing some documents that EPA has cited to as part of the rationale for the HRS Ranking and NPL listing of the Burlington Cheraw Site:

1. DHEC Project Note to File dated July 18, 2017 (4 pages); Regarding Aug., Sept., Oct. and Nov. 2016 Sampling Events.
2. Tetra Tech Project Note to File with attachments, dated Nov. 10, 2016 (312 pages); Regarding Aug. 2016 Sampling – Lab Analytical Data.
3. DHEC Project Note to File dated July 19, 2017 (1 page). Regarding DHEC 2016 and 2017 Sampling Events.
4. Tetra Tech Data Validation Package (Feb. 28, 2017)(334 pages).
5. Shealy Env. Services Report of Analysis; Lot Number SC03001 (Mar. 8, 2017)(14 pages).
6. Tetra Tech Data Validation Packages (Mar. 21, 2017)(23 pages).

We didn't want to reach out without going through you. Please let us know how you would like us to proceed.

Thanks for your help,

Jessie
